

# RECOMMENDATION LETTER

Blind Care Association in Damascus

*Bab Musalla, Damascus, Syria*

*January 2024*

**Re: Recommendation for Mr. Philip Marwan Droubi for a position as Software Engineer**

To whom it may concern,

My name is Shafiq Hamassna, and I have known Philip for nine months. He has volunteered for us as a Backend Software Engineer at Blind Care Association in Damascus from March 21, 2023, to January 1, 2024, where I am the Chairman of the Board of Directors. I have held this position for seven years.

I am writing to recommend that you consider **Philip Droubi** for your business. In all my years of experience, some individuals stand out for their great qualities, and Philip is one of those people. He is well known for his dedication, work ethic, positive attitude, teamwork mentality, diligence, and many other characteristics. He is well respected throughout the organization for getting things done, meeting short deadlines, and accomplishing his tasks. Throughout the time I've known him, he has consistently demonstrated a positive and motivated attitude, along with amazing potential, I know that he worked hard to build administration and beneficiary applications for us. I believe Philip would be a valuable addition to any academic or professional institution due to his ability to integrate academic knowledge with practical experience to inform and implement his decisions. After getting positive feedback for the applications from the users, we were so happy with the applications that Philip contributed to build.

During his time here, he played a crucial role in the project as a Backend Software Engineer using the Laravel PHP framework. He was so effective in this project that he completed it perfectly.

In summation, due to his great attitude, dedication, and excellent potential, I would heartily recommend that you accept **Philip Droubi** with you. I am sure he would not let you down and would be as great an asset to your team as he has been to ours.

Please don't hesitate to contact me if you need any further assistance. You can reach me at:
